

SOLUTIA

Solutions for a better life.

INTRODUCING A HEAT TRANSFER FLUID THAT'S REALLY COOL.

THERMINOL® VLT.* A REVOLUTIONARY SYNTHETIC COOLANT FOR LOW TEMPERATURE APPLICATIONS.

With an operating range that starts at a remarkably low $-115\text{ }^{\circ}\text{C}$ ($-175\text{ }^{\circ}\text{F}$) and extends to $175\text{ }^{\circ}\text{C}$ ($347\text{ }^{\circ}\text{F}$), Therminol VLT provides a powerful alternative to complex, mixed fluid/gas systems. Now processes can be controlled by a single heat transfer fluid, making more streamlined system design possible. It's a very cool solution to some very challenging applications. **LEARN MORE ABOUT THERMINOL VLT AND THE ENTIRE TLC PROGRAM BY CALLING 1-800-433-6997 (NORTH AMERICA), +32-10-48-12-11 (EUROPE), OR BY VISITING WWW.THERMINOL.COM.**
